

**CITY OF LODI
COUNCIL COMMUNICATION**

AGENDA TITLE: Adopt Resolution Awarding Contract for Traffic Signal Preventive Maintenance and Repair Program 2005 to Republic Electric of Novato (\$9,570)

MEETING DATE: September 7, 2005

PREPARED BY: Public Works Director

RECOMMENDED ACTION: That the City Council adopt a resolution awarding the contract for the above project to Republic Electric, of Novato, in the amount of \$9,568.

BACKGROUND INFORMATION: This project includes providing preventive maintenance and repair services for the City's forty-six traffic signal and lighting systems (forty-five existing systems and one proposed system at Lower Sacramento Road and Century Boulevard). The specifications require the contractor to provide signal maintenance inspections at 120-day intervals and annually test the traffic monitors. Past contracts included 60-day inspections. After re-evaluating the preventive maintenance services, we lengthened the inspection intervals from 60-day to 120-day inspections.

Specifications for this project were approved on July 20, 2005. On August 10, 2005, the City received the following two bids for this project. Last time we advertised for this work, only Republic Electric bid on the project. Since then, another company has relocated to this area, creating more competition for this type of work. The contractor with the lowest bid has previously provided signal maintenance for the City, and we feel confident with their workmanship.

Bidder	Location	Bid
Engineer's Estimate		\$ 20,240
Republic Electric	Novato	\$ 9,568
Team Econolite	Santa Clara	\$ 20,286

FISCAL IMPACT: Staff will annually request funding this program.

FUNDING AVAILABLE: Measure K included in FY 05/06 budget.
